

REMARKS

This responds to the office action mailed on April 19, 2007. In the office action, claims 1-22, 27-48, 53-78 and 100-126 are rejected on the grounds of non-statutory double patenting. Claims 23-26 are objected to as being dependent on rejected base claims. A Terminal Disclaimer is filed herewith that overcomes these rejections. The claims are thus in condition for allowance.

Also, in the restriction requirement made in the January 16, 2007 office action, claims 49-52 were not included in any group of claims. In a communication with the undersigned on May 31, 2007, Examiner Frech agreed that these claims should have been included in Group 1, along with the elected claims, and were inadvertently overlooked in the restriction requirement. Due to this oversight, however, claims 49-52 were not considered in the April 19, 2007 office action. The patent owner submits that these claims are also in condition for allowance.

Respectfully submitted,

JONES DAY
